

## Greener Pastures

Look Into Adopting a Standardbred Today!

The BC Standardbred Horse Adoption Society is dedicated to changing the lives of horses by retraining and finding loving homes for retired Standardbred Racehorses.

Greener Pastures is a registered non-profit charitable organization and has been in operation since 2003. The horses are donated by the racing owners who wish to have them placed in caring recreational homes.

The Standardbred is an ideal recreational horse with a calm disposition, sensible mind and a friendly outlook! These are the attributes that have enabled Greener Pastures to adopt out over 50 horses per year. These numbers alone are testament to the suitability of the Standardbred as a riding horse.

2010 Games Days Announced....see the News and Events page for more info!

June 4, 2010 Winning 50/50 Ticket #1044247 \$576.00

June 10, 2010 Winning 50/50 Ticket #0786965 \$687.00

Jackie McManus who is a board member of the Standardbred Showcase Riding Club has sent this video to us.....enjoy!!!

The photographs in the video were taken at the Standardbred Showcase show that was held in August 2009.

Contact Sue Allan: Phone: 604-535-2525 email: [co-ordinator@greenerpastures.ca](mailto:co-ordinator@greenerpastures.ca)

Our horses have all been started under saddle but are still green when it comes to being ridden.

Unless experienced in training green horses, we strongly recommend working with a trainer/coach to help the horse continue learning its new skills.

Please do not drop by the barn to view the horses without booking an appointment first.

The Greener Pastures staff is not always at the barn, and we would like to be there to meet you and answer any questions you might have.

Thank you for your understanding and co-operation.
